

# Idaho Machinery & Supply Machinist's Calculator

A calculator for machinists,  
by machinists.

## What is the MC-20 Machinist Calculator?

The MC-20 Machinist Calculator is a prompting, compact, hand-held device programmed with built-in formulas.

Feeds, speeds and times can now easily be established WITHOUT the need of formulas, conversion charts or guesswork.

## Built in Functions & Formulas

- RPM (Revolutions per Minute)
- SFM (Surface Feet per Minute)
- IPM (Inches per Minute)
- FPT (Feed per Tooth)
- CT (Cut Time)

The everyday use of these formulas in the cutting tool industry has now been simplified for any user of cutting tools

Only

**\$36.00**

**\$34.50** for orders of 10+ units.
